Hawkhurst is a specialist dementia care home, which can also accommodate clients with physical disabilities on either a permanent basis, or for short-term respite or intermediate care. Prospective clients

Prospective clients are encouraged to view available vacant accommodation, either with family, friends or advocates and to visit for a day to fully experience the home. Prior to any client being offered a place at Hawkhurst, a full individual care plan assessment will be carried out to identify the individual needs and choices. Upon admission to Hawkhurst, we will place great emphasis on finding out as much about your previous life as we possibly can, this allows us to offer a very individual service, tailored to your choice and needs, but most importantly allows us to offer you a full social care package, enabling you to take part in the many activities on offer.

Activities

Many of our clients still enjoy the opportunity to be involved in maintaining their own accommodation, all accommodation can be personalised to your own choice, your pets will be welcome and we will try hard to ensure that you are involved in every aspect of your care delivery. The emphasis at Hawkhurst is very much one of allowing you the opportunity to maintain as much independence and choice as you would like.

Care will be structured to your individual needs and whilst we regard it as our responsibility to provide a safe, secure environment, we will encourage all clients to participate in our daily activity programmes, whether they be on a group or individual basis, allowing you to enjoy life at PrimeLife Hawkhurst.
