Accommodation and services

Meadow View provides for 43 clients in different styles of accommodation, boasting a purpose built facility for those whose needs are associated with old age and/or their mental health, including dementia. We can also accommodate clients with a physical disability, offering permanent or short-term respite stays.

Prospective clients

All prospective clients are encouraged to view all vacant accommodation and visit for a day to fully experience the home. Meadow View has developed a specialist dementia service, and prior to any admission to the home our staff team will carry out an individual care plan assessment, which will focus on clients specific choices and needs. Accepting a varying degree of ability, these care packages will be structured to the clients preference and will focus on maintaining and developing as much independence as possible.

Activities

Whilst accepting that the majority of our clients will be suffering from dementia, we offer a sensitive support service to allow clients to embark upon a variety of daily living tasks. Clients will be offered the opportunity to personalise their rooms and to maintain as much choice and independence as they either choose or are able to accommodate, taking advantage of our flexible dining arrangements, disabled bathing facilities and safe and secure landscaped gardens. We are also proud to offer a thriving activity programme, which focuses on regular reminiscence sessions and a variety of either individual or group activities with regular trips out into the local community on our wheelchair adapted Mercedes mini-buses.

Whilst we very much regard it as our primary responsibility to provide a safe and secure environment, we will encourage, in a sensitive manner, all clients to participate in all that we offer, welcoming you to enjoy life at PrimeLife, Meadow View.
