We can also accommodate clients with a physical disability, offering permanent or short-term respite stays. In addition the home can also offer an intermediate care service for clients needing support and rehabilitation prior to returning home after a hospital stay.

These care plans will be structured to the client’s preferences and will focus on maintaining and developing as much independence as possible.

Whilst accepting that the majority of our clients will be suffering from dementia, we offer a sensitive support service to allow clients to embark upon a variety of daily living tasks, all will be offered the opportunity to personalise their rooms and to maintain as much choice and independence as they either choose or are able to accommodate.

We are proud to offer a thriving activity programme, which focuses on regular reminiscence sessions and a variety of either individual or group activities with regular trips out into the local community on our wheelchair adapted Mercedes mini-buses.

Whilst we very much regard it as our primary responsibility to provide a safe and secure environment, we will encourage, in a sensitive manner, all clients to participate in all that we offer, welcoming you to enjoy life PrimeLife, Mill House.
