## Prospective clients

These care plans will be structured to the client's preferences and will focus on maintaining and developing as much independence as possible.

Whilst accepting that many of our clients will be suffering from dementia, or may be in need of regular nursing intervention, we offer a sensitive support service to allow clients to embark upon a variety of daily living tasks. All will be offered the opportunity to personalise their rooms and to maintain as much choice and independence as they either choose or are able to accommodate.
